AMERICAN TROOPS IN SIGHT OF ROME

Allies Capture Several Places On Italian Front

LONDON, June 1: American troops have got their first glimpse of Rome from newly captured heights on the Valmontone line.

ALLIED HEADQUARTERS IN ITALY, June 1: American troops have thrown a pincer around Velletri by occupying high ground both to the north-east and north-west of the vital town of Kesselring's defence line.

ALLIES CAPTURE FROSINONE

Mediterranean Allied Force Advance Headquarters Communiqué said:

Allied troops continued to meet opposition from elaborately prepared positions between Valmontone and the sea but progress has been made by the Fifth Army. Troops of the Eighth Army continued to advance westward up Highway 6. They have taken the town of Frosinone and north-west through mountains they have captured the town of Sora.

Medium forces of heavy bombers attacked targets in the Ploesti area and in Turin. In the latter operations 43 enemy aircraft were destroyed and 14 heavy bombers and nine other of our aircraft are missing.

Yesterday a further successful bombardment of enemy positions in the Arden sector was carried out by a destroyer of the United States Navy. A second destroyer of the United States Navy, which was carrying enemy strongpoints, batteries and troops in the beach area.

From Reuters' special correspondent: The Fifth Army have advanced 3,000 yards to gain a foothold on the slope of the Alban hills north-west of Velletri.

Fifth Army forces consolidating their dominating positions north-west of Velletri have captured high ground in the vicinity of Lago de Nemi. British troops took Rieti and Tivoli. The whole of the Lepini peninsula from Allied armour crossed into Campoleone dykes, three miles west of Aquino where steady pressure is being maintained. British elements are well established across the Moletta.

WHERE NAZIS WILL MAKE A

The blocking of the road north by bombs has prevented extensive German withdrawals. French troops are maintaining close contact with Kesselring's troops retreating towards Valmontone and Avezzano, where it is considered the German Commander will almost certainly make a defensive stand. French gains to the north-west on Tuesday amounted to four miles. The town of Sora, a mountain area has now been cleared of Axis troops.

WITHIN SIGHT OF NEMI LAKE.

From A. K. Qureshi, A.P.I. special correspondent with the Indian troops in Italy:—

Bypassing Velletri, Gen. Clark's troops denting the Velletri-Valmontone defences had to-day pushed forward into the Lazioli mountain mass and were within sight of the Nemi Lake on the far side of the town of Genzano lies over the Apennine Way. This town is also threatened by American troops approaching it from the south-east. Lanuvium on the railway to Rome is within a few thousand yards of the American troops from the north-west. In the Ardena sector, Gen. Clark's troops astride old Via Latina are continuing their advance for the Route 6 town of Valmontone. The pace of the German withdrawal is increasing in the mountainous sector to the north-east. The German front and fresh troops are maintaining contact with the Germans falling back towards the mountains and Genzano. A twelve miles dash by French troops brought them from Ceccano to Monte Pilicco.

INDIAN TROOPS AT NAZI BULGE.

British and Indian troops tackling Germans in the Sora-Arce-Frosinone bulge have made further progress while New Zealand troops occupied Sora. The town of Sora, a mountain north-west of Arce was occupied by Scottish troops of an Indian Division yesterday without fight. North-west of this village Lancans had a sharp with Germans at a road junction which was strongly held. A party of Germans was taken prisoner and blacked prisoners. One anti-tank gun was knocked out and another probably destroyed. Punjabis also had a fight with a German rearguard and inflicted heavy casualties. In the village of Pontanelli taken by the troops of an Indian Division a demolished factory was found heavily booby-trapped.

GERMAN COMMUNIQUE.

BERLIN, June 1: To-day's German Communiqué said: "The enemy continued yesterday his great offensive particularly against our positions on the southern slopes of the Albani mountains and in the sector of Frosinone."

PARTISANS CAPTURE GERMAN BASE.

A Communiqué to-day from Marshal Tito's headquarters reports capture by Partisan troops of the German base of Arzano in Dalmatia. In Slovenia Partisan forces entered Sostanj near the frontier and blocked the German garrison of 600 officers and men. The enemy attempted to rally out but was repulsed with losses.

Move To Form New Yugoslav Govt.

LONDON, June 1: King Peter of Yugoslavia has now entrusted Dr. Ivan Subasic, former Governor of Croatia with the formation of a new Government. This is the third attempt to form a new Yugoslav Government since the dismissal of Purich's Government which included Gen. Mihailovich. The first attempt was made by

DE VALERA TRIUMPHS

Fianna Fail Candidates Top Polls In All Except Four Constituencies

LONDON, June 1. Mr. De Valera is assured of a clear majority in the Eire election, according to the latest results received here. The Government victory has disappointed hopes of a Coalition. The party in favour of Coalition has no faith in itself and no hope for itself," said Mr. De Valera's 20-hour declaration to a mass meeting in Dublin.

Fianna Fail candidates headed the poll in all except four constituencies, while Ministers topped the list in all except one—that of Waterford—where the Fianna Fail candidate, Mr. P. J. Ryan, was second to Mr. P. J. Ryan.

Gen. Mulcahy, leader of the Opposition, was elected after Dan Breen, the Fianna Fail candidate, Labour, as was expected, fared very badly. Mr. Norton, leader of the party, who topped the poll last year, was elected for Carlow (Kildare) on the final count.

With 24 seats yet to be filled, Fianna Fail holds a lead of 17 over the combined strength of the other parties and are likely to hold this lead to the end.

The latest figures are: Fianna Fail 68, Labour 23, Farmers 5 and Independents 11.

The Prime Minister, Mr. De Valera has been returned in the Eire election. He headed the poll in County Clare with 761 fewer votes than last year.

AMENDING WAR RISKS ORDINANCE

(From Our Correspondent.)

NEW DELHI, June 1. The War Risks Goods Ordinance is being amended, I learn, to include within its scope the loss due to explosion of war explosives. As recently explained the ordinance in its present form does not cover any loss by explosions of war explosives. Hence the amendment is contemplated.

NO SPECIAL STAFF FOR DALAL

(From Our Correspondent.)

NEW DELHI, June 1. I understand that there will not be any expansion of staff in the newly created Planning and Development Department which the Secretary of the Department would control. General Hutton, I learn that Sir A. R. Dalal after taking leave will devote most of his time to his duties in the provinces, in order to speed up post-war planning and secure co-ordination between the Central Government and the provinces. As indicated earlier Sir A. R. Dalal's appointment is not to be interpreted as acceptance of the Bombay Plan by the Government of India. The report that the Department of Industries and Civil Supplies will be transferred to Sir A. R. Dalal is also not yet confirmed.

Hindu Minister On Sind Land Alienation Bill

KARACHI, June 1. "I will cease to be a minister if my Muslim colleagues on the Cabinet cannot see eye-to-eye with me on the Land Alienation Bill and remove its obnoxious features," particularly its definition which will dispossess fifty per cent Hindus holding land," says Raisheeb Gokuldas Mehta, Hindu Minister, Sind, in an interview to the United Press to-day.

He added: "The definition of the Bill that those who derive their livelihood from land can alone hold 32 per cent of the land in the Province more than fifty per cent of it for their sin of having other side income also."

He concluded: "I will do my utmost in reasoning with my Muslim League friends but I find them reluctant to give the Hindu minority a fair deal I will resign ministerial position before the Assembly meets in July to pass the Bill."

The General Body of the Sind Provincial Hindu Mahasabha is meeting at Sukkur on June 11 to consider the Sabha's attitude towards the Ministry and the correspondence which passed with Mr. V. D. Savarkar, President of the All-India Hindu Mahasabha on the subject. The Hindu Ministers are not attending the meeting due to illness.—United Press.

Few Visitors To Mahatma

Gandhiji Likely To Prolong Stay

BOMBAY, Thursday. Gandhiji had a particularly light day, to-day. For the first time after he undertook modified silence from Monday visitors were remarkably few. Gandhiji's self-imposed silent period lasts from 4 p.m. to 9 p.m., when he goes to bed. During his morning and night walks after prayers he observes silence. It is stated that Gandhiji takes immense delight in paddling in gentle, rippling waves on the Juhu sea-shore.

He was unable to enjoy his morning walk as the sight of dead starfish strewn on the beach moved him much.

He closed his eyes, as he walked silently along. It is believed that even if the moon-sonnets in early Gandhiji may not leave Bombay.

Gandhiji is more cheerful now. It is likely that doctors may issue health bulletins every week.

Appeal From Society Of Friends

On Pacific Front

KURILE ISLANDS BOMBED.

WASHINGTON, May 31. A "Communique" issued by Admiral Chester Nimitz, Commander-in-Chief of the Pacific, to-day said that Shimushu, Matsua, Paramushiru and Shumushu islands in the Kuriles were bombed before dawn on Monday.

A single plane which bombed Shimushu encountered no opposition. AIR ATTACK ON WEWAK AND.

Advanced Hg. New Guinea June 1: Fighting on Biak Island is reduced to patrol action and artillery exchanges. It is officially announced to-day Japanese opposition east of Bosnel has collapsed. Bad weather prevented the Allied air force from maintaining support of ground action. Japanese positions at Wewak and Rabaul were bombed.—Reuter.

China Will Not Consider Jap Peace-feelers

CHUNGKING, May 31. A Chinese Government spokesman said to-day's press conference that with strong opposition in their operations in Hunan, the Japanese were aiming to complete the control of the Canton-Hankow railway with the destruction of air bases to forestall Allied incursion in South China. He described the Japanese plan as "ambitious" and said its purpose was to be brought about by dividing China into eastern and western halves.

Asked if peace feelers were put out before the operations started the spokesman said "no". Peace-feelers would be futile as China would never consider them.—Reuter.

Lytleton On Invasion Of Continent

LONDON, June 1: The British Minister of Production Mr. Oliver Lytleton said about the fighting in Italy: "Gen. Alexander told me the other day that he was certain the victory would be won in Italy, for every inch of the ground in Italy and that they were right to do so. The Germans have disputed every inch and they have got a licking.—Reuter.

CHINESE TAKE MALKWANG

Triple Allied Attack On Myitkyina

KANDY, June 1: The text of to-day's S.E. A.C. communique reads: "Chinese-American forces have taken Malkwang, a strategic point on the main road in the Mogang Valley, which has been for some time a centre of Japanese resistance. They advanced on Malkwang south of the main road and wiped out the Japanese force which opposed them."

Another Chinese-American column advancing east of the Mogang river has established a line south of Waring and Shinarua.

Our troops are continuing their assault on Myitkyina from the north and south with excellent support from the Allied air forces and are making satisfactory progress against Japanese pill boxes and entrenchments North of Myitkyina. Our troops are continuing their assault on Myitkyina from the north and south with excellent support from the Allied air forces and are making satisfactory progress against Japanese pill boxes and entrenchments North of Myitkyina.

There was no major activity in the Kachin sector, where the enemy is signing in preparing defensive positions.

From Raymond Okelly, Japanese in the village of Ningthoukang, 21 miles south of Imphal, are being sandwiched. While troops of a north county Regiment hold them in their grip after entering the village from the north another force, mainly Gurkhas, has swept northwards. This Gurkha force claims to have killed 1,000 Japanese since the incursion move began. Japanese resistance in the area of Dinan village on the Tiddim road has ceased.

Chines Drive Towards Tengchung.

CHUNGKING, June 1: Chinese vanguards are within 28 miles of Tengchung, the important Myitkyina-Lashio highway city, announced a Chinese official. Streamlined westward through mountain passes the Chinese are advancing towards the Burma Road with the United States Fourteenth Air Force heavily bombing and strafing Japanese strongholds along the road.

MAJOR BATTLE IN HUNAN.

The main strong Japanese columns hammering at the outer defences of Changsha, the Chinese have begun systematic evacuation of civilians from the Hunan capital, destruction of all railways and highways and the mining of rivers. They are preparing for a major battle in the Hunan mountains. The Japanese are most active, bombing Chinese cities and airfields from dawn to dusk.

Two B.E.S.T. Employees Killed

Sequel To Military Lorry Colliding With Bus

An accident which took place along Marine Drive resulted in the death of two young men, who were both members of B.E.S.T. and T. Company.

A B.E.S.T. and T. bus was running along Marine Drive on Thursday evening with full complement of passengers. A military lorry was following the bus. When the bus drew up at the bus stop (station), the military lorry, which was following failed to stop and consequently dashed against the bus ahead. Two persons, Ratan-shaw Ardeshir Irani (32), a bus driver and Behram Motilal Bhandwani (27), bus conductor, who were on their way to duty and standing on the foot-board of the bus, were seriously injured.

When they were being removed to the hospital they succumbed to their injuries. Several other passengers were injured. The bus was damaged.

BATTLE FOR JASSY

MOSCOW, June 1. From Reuters' special correspondent: The heavy fighting north of Jassy has apparently not yet reached its peak, although the latest dispatches say that enemy attacks have been held all along the line.

The Germans are still seeking a limited two-fold objective—To improve their defensive position at Jassy and to free the Jassy-Pascani railway when links U. S. forces the main line to the Ploesti oilfields.

Although the fighting is very violent its strategic scope should not be exaggerated. It does not appear to form part of any larger plan. A well-known Soviet commentator sums up: "It is difficult to surmise the object of these enemy attacks—but their cost to the enemy is considerable"—Reuter.

Germans Predict Allied Second Front From Africa

Invasion Of Italian Or French Riviera From Corsican Springboard

LONDON, June 1. The German D.N.B. News Agency Military Correspondent in Italy, Karl Praeger, reported to-day: "Fifteen Allied Divisions, including Moroccan and Algerian units, are at the moment concentrated in French North Africa for an attack on the southern flank of Europe."

One must suppose that Corsica with all its vast possibilities has been converted by the Allied High Command, during the last few months into a grand-style springboard for invasion on the French and possibly also the Italian Riviera.

The Allied battle group in North Africa consists of ten infantry divisions and five tank divisions. Only very few of these units have been used in the present battle in Italy. These troops will enter the battle scene in conjunction with the imminent Allied big-scale attack against the west coasts of Europe. The concentrations of Allied landing craft in North African ports indicate the same possibility. The Allies are aiming at holding considerable German forces and at forcing the Germans to transfer vital army groups from the west to Italy.

The main Allied blow will come from the west and the decisive battles of this war will be fought on the Western Front."

DEWEY NOT IN THE RUN FOR WHITE HOUSE

LONDON, June 1: The British Government has now received a report from Lord Halifax, British Ambassador in Washington, regarding Mr. Cordell Hull's intimation that the U. S. Government is considering the suggestion of proposals for a new organisation of world security.

In London to-day, it was stated that the opportunity which the meeting would offer for a discussion of the problem is warmly welcomed. It is assumed that the Conference will be in Washington and that it will be on official rather than political level. In other words representatives will have Diplomatic and perhaps Ambassadorial status.—Reuter.

22 Killed In Explosion

DIMCHURCH (Kent), June 1. Twenty-two infantry men including an instructing officer were killed and several more wounded by the explosion of three boxes of anti-tank grenades. It was disclosed at the inquest to-day.

"ACT OF GOD?"

An officer stated there were three possible explanations—"Act of God", the heat of the sun or the head of a match falling into the box of detonators. The three officers conducting the inquest returned a verdict of accidental death.—Reuter.

THE CRY OF DISTRESS

Despite the very great efforts of the Railways; despite the co-operation of the agriculturists, of townspeople and of business men alike, there are still people in this country whose very lives are in peril.

Some of them suffer from food shortage, some from lack of other necessities of life. Mercifully, their number is getting less and less, but there are still many and their cry must not go unanswered. The Railways' first obligation is to them. The distribution of food and civil supplies must take precedence

over passenger travel. So, if your accommodation is crowded—if tickets are difficult to buy—if travelling is uncomfortable, bear in mind those poor people. Appreciate the Railways' difficulties, and if you want to do your bit, stay at home and travel only when you must.

UNION OF SOVEREIGN STATES OF INDIA

**Hasrat Mohani Wants Jinnah To Define Pakistan
As A Dominion And Mahatma To Accept
Principle Of Its Independence**

HYDERABAD, June 1. Maulana Hasrat Mohani, who was here on his short visit when interviewed by the Orient Press representative on the possibility of a compromise between Mahatma Gandhi and Mr. Jinnah, said on the political deadlock in the country said: "In my opinion the only basis for compromise between the two leaders is that Mr. Jinnah should agree to define Pakistan as a dominion, because is apprehended by the non-Muslims. Gandhi should accept the principle of independence of Pakistan should be free to enter into alliance with the Hindustan Republic, which together with the proposed Pakistan Republic or republics will form a union of the sovereign States of India."

This union which I would prefer to call the Union of Sovereign States of India, because the constituent States will have the same rights and status as those of the United States of America according to its latest developments, which grants to constituent units complete independence and the power to enter into relations with the foreign States. This union of sovereign States of India ought to be free to enter into alliance with Great Britain and other democratic countries like America, Russia and China.

If Great Britain agrees to make this proclamation here and now like the proclamation made by Queen Victoria, for the establishment of the Union of Sovereign States of India after the war all existing political bodies will be obviously bound to give their whole-hearted support to the war efforts of the Allies, and accept the establishment of coalition Governments in the centre and Provinces in the interim period without any condition or reservation on their part. In case British Government is not willing to consider the united demand of all the political parties of India, we may have to adopt the policy of retirement similar to that of the Muslim League of non-embarrassment, meaning thereby that neither there should be any obstruction nor encouragement to our efforts.

Replying to a question Maulana said in his opinion having once expressed his final decision Gandhi is not likely to accept any basis of compromise which goes against the complete independence of India and if independence is not granted Maulana added that Gandhi may prefer to go back to jail—Orient Press.

**NO PAKISTAN

IN BOWDAGE**

Abdul Majid On Nationalist Muslims' Differences With Leaguers

KARACHI, June 1. The main reason why Nationalist Muslims considered it necessary to establish a separate organisation of the Muslims—the Muslim Majlis—is that within the Muslim League organisation there is no room for persons who believe in the complete independence of India, and aim which has been dropped from and no longer

forms part of the creed of the Muslim League, but which does constitute the political ideal of the Nationalist Muslims, says Sheikh Abdul Majid, M.L.A. in the course of a statement.

He added: "According to us there can be no freedom for Pakistan without the freedom of India. We look upon the freedom of India as the freedom not only of the various provinces of India but of all the nations of the world. We believe that freedom is conditionally and immediately. But that is not the attitude of the Muslim League which taboos all constitutional advance without its previous consent and approval. Therein lies the essential difference between our two viewpoints. Non-Muslims are more anxious than we are to help a Congress-League settlement and an equal lastly an equal British settlement on the basis of self-determination for India and its units. There is a Viceroy in India and Indian question cannot be settled on the basis of the Cripps offer, if the British Government is prepared to part with power, immediately.—A. P.

**SETTLEMENT BETWEEN
GOVERNMENT AND
LOK-PARISHAD**

(From A Correspondent)

Final settlement has now been arrived at between Government and Lokparishad. Sri. Jainarain Vyas, Representative, Lokparishad, was released. Release of others expected this evening. Mr. Jainarain was motoring to Siwana Jalore forts to meet a deputation and was ordered to be released.

Bombay, June 1. A Press Note issued by the Textile Commissioner says:—The recent order of the Textile Commissioner that all mills must supply their 1940-42 dealers has caused a number of mills to ask what their position is under the Cotton Cloth Movements Control Order which prohibits disposal of cloth except in accordance with a zonal scheme. For the information of all concerned the position is that both orders must be complied with and no special permits can be granted under the Cotton Cloth Movements Control Order to enable such goods to move contrary to the provisions of the order and general permit.

Another Press Note says:—Mr. B. C. Patel has been appointed by the Textile Commissioner, to be in charge of the special work or disposal of goods manufactured by those mills, which continue to work under the old management, and production of goods to be disposed of according to the Textile Commissioner's directions.

**UNDERSTANDING ABOUT PRICE
OF CLOTH REACHED**

(From Our Correspondent)

THE MILLOWNERS and cloth Mahajans have arrived at an understanding about the price of damaged cloth and it is decided to print 10 per cent less rate on damaged cloth than the whole cloth.

Local cloth associations have decided to challenge the Government order regarding merchants after 1942. The whole issue after consultation with legal advisers will go to court, and a committee on behalf of associations will be formed.

The Assistant Textile Controller, Mr. Desai, has issued a circular to all local mills asking them to inform him about their stock within two days. He has also demanded the figure of production.

The local authorities have sanctioned the railway fare as well as allowances to Revists who are touring in villages for grow-more-food campaign.

**STOPPING "BLACK MARKET" IN
SAND**

With a view to stopping the "black market" in sand, the Bombay Government has issued an order prohibiting the sale and delivery and disposal of sand to any person without a licence from the Controller of Structures and Building Materials, Bombay. Under this Order, however, boatmen who bring the sand in country-crafts are allowed to sell it to the dealers direct without a licence.

Contravention of this Order will render a person liable to prosecution.

**NEPALESE GIRLS JOIN
COLOURS NOW!**

NEW DELHI, May 30. Following the example of their famous Gurkha brothers, Nepalese girls are joining the colours.

When the enemy came over the border near Imphal they decided it was time for them to act. So the Gurkha girls set out for the plains. Never before had they been in a train, but they travelled along the twisting mountain roads to the nearest station. Trainers and students together boarded a train for Calcutta. There they went to see the Women's Auxiliary Corps' Chief and Recruiting Officer for Eastern Army.

A Nepalese unit was immediately formed. The O. C. is one of their school-teachers. So are some of their officers. They live in their own hostel, with a Nepalese mess Sergeant to see that they get the food to which they are accustomed.

The girls will be a most valuable addition to the W.A.C. (B). A number of Nepalese signal sections are being formed. Already a contingent has flown half a cross India to receive training for urgent signals duties.—A. P.

**"No Famine Conditions In
Bengal Now"**

CALCUTTA, May 31. Famine conditions were not prevalent now in Bengal, declared the Revenue Minister, Mr. Tarak Nath Mukerjee, replying to a question whether he was considering the desirability of declaring the province a famine area under the Famine Code in the Bengal Legislative Assembly to-day.

The question therefore did not arise, the Minister added. But Government had been administering relief on a famine basis and doing everything humanly possible to feed the famished people. The arrangements made by Government to give relief in Calcutta and the mofussil, included setting up of destitute relief centres, temporary orphanages, provision of hospital arrangements, opening of free kitchens, poor houses, workhouses, and free public canteens and distribution of nutritious relief in cash and kind.—A. P.

SOLDIERS DEMAND STATUTORY RIGHTS

KARACHI, May 31. Men of the Indian forces now in the Middle East are desirous that, after the war, they should have certain rights incorporated in the constitution so that their interests could be protected.

This was disclosed to-day in an interview by Syed Miran Mohd. Shah, Speaker of the Sind Legislative Assembly, who was one of the members of the National Defence Council who paid a visit to Indian troops in the Middle East recently.

During a tour lasting forty days, the party visited Egypt, Palestine, the Lebanon, Syria, Iran and Iraq. "We found our men in the best of spirits," said Syed Miran Mohd. Shah. Their morale was of the highest and all their officers spoke of their sense of duty in the highest terms. The members gathered from their talks with the men that after the war they should be accorded certain constitutional rights. "We feel," said Syed Miran Mohd. Shah, "that arrangements should be made to grant such rights. It was a just demand."

Speaking of social conditions in the Islamic countries they visited, Syed Miran Mohd. Shah said that their women appeared to enjoy greater freedom than in India. Inflation to a high degree was prevalent in many places. Thus in Iran, sugar was priced at Rs. 16 a seer and prices of other necessities were similarly prohibitive. The people of all countries they visited were as ignorant of India as we of them. They, however, showed a keen desire to establish closer contacts with this country.—A. P.

Scheme For Compulsory Saving By Workers

AHMEDABAD, June 1.—A scheme of compulsory saving by workers is being prepared by the Textile Labour Association in collaboration with the Mill-owners' Association. The Labour Association believes that the workers who get dearness allowance based on the cost of living index in accordance with the Award of the Industrial Court would not be ordinarily making a saving but in view of the difficulty of obtaining certain articles and the inordinate rise in the prices of certain other articles, owing to the war situation, they are in a position to save something if they do not fritter away their earnings in drink and other vices.

The Labour Association appeals to workers to save voluntarily something every month till the scheme of compulsory saving is enforced and deposit the amount in the savings bank opened by the Labour Association.—A. P.

C. I. D. Arrests Youth On
Suspicion

BOMBAY, Thursday.
Rasendrakumar Bhattacharji, a
Bengali youth was put up to-day be-
fore Mr. R. Mathalione, Presidency
Magistrate, Esplanade Court, under
the Defence of India Rules.
Applying for his remand in cus-
tody an officer of the C.I.D. desig-
nated, who he called, the restless and
suspicious behaviour of the suspect
which had led to his ultimate arrest.
The officer alleged that over a
month ago Bhattacharji came to
him at the C.I.D. Office asking him
for permission to see His Excellency
the Viceroy. A search of his person
in the presence of the Magistrate, said
the officer, revealed a letter written
by him to his brother at Dighol, in
which he had incorporated certain
information likely to create panic
among the people.
Conversation with him gave the
impression that he was mentally de-
ranged and he was therefore kept
under observation by the Police Sur-
geon.
On Wednesday last he was dis-
charged from the Thana N. M. Men-
tal Hospital with a report that he
was of a completely sound mind. He
was therefore rearrested.
The suspect was enlarged on bail
in the sum of Rs. 250 with a surety
of a like amount.

"The Lodger"

At Eros
Jack The Ripper Lives On The
Screen

By T. V. P.
With meticulous attention to pro-
duction and technical details and
with the active co-operation of a
splendid and ill-cast, 20th Century
Fox have brought to the screen the
famous mystery thriller "The Lodger".
It brings with commendable authen-
ticity almost the full account of the
fendish murders committed by Jack
the Ripper, whose gruesome, strange
and mysterious activities terrorized
London during the gaslight era.

Merle Oberon, Laird Cregar and
George Sanders head a capable cast
including Sir Cedric Hardwicke, Sara
Allgood, John Brahm, well-known
for the direction of mystery-thrillers.
has throughout the film maintained
an atmosphere of terror which re-
aches a wild crescendo of thrills in the
startling climax.

"Romeo and Juliet" starring Nor-
ma Shearer and Leslie Howard is
continued in another week at Metro.
"Arabian Nights" is being revived at
Regal "Let Us Face It" is being re-
vived at Aurora and "White Savage"
at Palace. "Eyes in the Night" will
be shown at Strand on Friday. On
Saturday Strand will show "The
Shining Hour". There are daily
changes on other days too.

Calculated to pull anyone out of
the doldrums—offering beauty, ro-
mance, fashion, music and songs par-
excellence "Hello Beautiful" Charles
R. Rogers film with music by at Ex-
celsior thru United Artists release.
George Murphy, Anne Shirley and
Carole Landis are featured in the
film.
Adventure lovers have one of the
greatest treats the screen has offered
them for a long time in "Tarzan's
Desert Mystery" at New Empire. The
picture which Sol Lesser produced
for R.K.O. Radio is by far the best
of the popular Tarzan series. It is
crammed with fast moving action,
suspense and a great variety of
thrills, all against a background of
fantastically picturesque desert scenery.

IMPETUS TO UNITY
MOVEMENT

What India Expects Gandhiji
To Give
SRINAGAR, May 31.
"The unity that was achieved dur-
ing the last session of the Central
Legislature clearly indicates that the
urge for unity is growing. I am con-
fident that Gandhiji will give a tre-
mendous impetus to this urge and
the way will soon be paved for the
realisation of that unity which would
enable us to wrest power from the
hands of the British Government
and effectively tackle the grave pro-
blems which confront our people to-
day."

Dr. Ashraf emphasises however that
real and lasting unity is possible only
on the basis of recognition of politi-
cal realities. Self-determination, he
says, has to be recognised as the
demand of every section of Mus-
lims in the country—a fact amply
demonstrated by the resolutions of
the National Muslim Conference re-
cently held at Delhi.
Only a clear recognition of that
demand can meet the needs of the
hour. Secondly, it should be recog-
nised that Muslim League enjoys to-
day the confidence and support of
the vast majority of the Muslims in
India.

And, therefore, national unity must
primarily mean unity between the
Congress and the League. Any ap-
proach to the problem of national
unity which is not based on the re-
cognition of these facts, any approach
which either glosses over the ques-
tion of self-determination or mini-
mises the importance of the League
will not only not lead to the solution
of the present deadlock but will fur-
ther intensify the prevailing atmos-
phere of distrust and disunity and
help the enemies of Indian freedom.

Oil Companies' Workers'
Demands

It is understood that Workers of
the Standard Vacuum Oil Company
and Calcutta India Ltd., the two Ameri-
can-owned Oil Companies in Bom-
bay, propose to go on strike, if the
companies fail to consider their de-
mands. The demands are for bonus,
internal promotion and machinery
for the quick disposal of day to day
complaints.
These demands were submitted to
the respective companies on 1st
April 1944 by the National Oil Work-
ers' Union. But having failed to get
any reply, the union sought the in-
tervention of the Commissioner of
Labour with a view to get the issues
settled amicably, and pending his
efforts a notice of strike has been
served on the companies.

OFFICE STAFF CO-OPERATE.
Along with the workers the office
staff working in the head office of
the Standard Vacuum Oil Company,
also are reported to have given a
similar strike notice.
Their demands are, more or less
similar, and the same were forward-
ed to the company by the union on
the 12th of April 1944. As the Com-
pany has ignored their demands the
office staff have decided to go on
strike, if necessary in vindication of
their demands.

Sir Firoz Khan Noon and myself were invited to attend the meetings (of the Empire Conference) when subjects of interest to India were under discussion. We did so. We made our contribution and learned much. We felt ourselves to be not on the edge but a part of the Conference.

—The Maharaja of Kashmir

American commentators allege that Mr. Churchill's speeches frequently change the character of war. Mr. Churchill is quite in order for what else are the developments in the war situation since 1940 for and what else is the British Premier fighting for?

A touché! M. P. has reported to the Royal Empire Society that natives—sorry, "British subjects in the West Indies" whose worst lot is to be included in the bases—lent to America for 99 years.

But the members of that Imperial Society felt profoundly gratified that British "subject—sorry, natives" should be so highly and readily blessed the West Indians with an intelligent understanding of Lease and Lend. They are, in fact, five points of British and American "er-democracies.

"We," the M. P. further reported "assured them that British subjects are not to be regarded as natives."

But, of course, to be carefully preserved.

In the opinion of Dr. K. M. Ashrafi, "real and stable unity is possible only on a basis of recognition of political realities."

Which, of course, keep changing with the changing of the guard.

Printer: Is the expression "economic realities" or political realities? Answer: It's certainly "political" now.

Dalal's Appointment Indicates Official Confidence In Bombay Plan

NEW DELHI, May 31.—The Committee of Poet-Var Council, a report on the progress of reconstruction planning hitherto achieved and on line of future advancement, at a statutory meeting of the Bombay Plan, Sir Ardeshr Dalal, the new member, of the Executive Council has had, an opportunity to meet the members of the Poet-Var Council and permanent official and know their reaction to the Plan. His acceptance of membership at this stage is taken as an indication of confidence that the immense scale of the Bombay plan and the more limited scope of the Poet-Var Council, which is a scheme embodying the plan, of both sets of A. P. can be evolved and worked.—A. I.

Brendan Bracken Defends Churchill

LONDON, May 3.—Mr. Brendan Bracken, the British Minister of Information, today defended the Prime Minister, Mr. Churchill, against criticism following his visit to Spain in the face of Communist propaganda.

—W. P. S.

Mr. Bracken told Reuter's political correspondent that the critics

forgot when Mr. Churchill said the Commons on October 8, 1940, "those darkest days in British history when the German Luftwaffe poured down from the things he said in those last week Mr. Bracken declared that the Premier's view was that he had not changed his mind since 1940 and he abided by the marks he then made. I should very surprised," he added if possible, that the Government of the world had forgotten the relevant extract from Mr. Churchill's speech in which the Premier said in various ways wished well to Spanish people and in glorious rod of our history we stood between the Spaniards and foreign domi-

London Spot and forward Silver quotations were unchanged at 23-1/2 and New York Spot Silver was quoted at 44-3/4 cents. Gold also improved to Rs. 74/8 and later steadied at Rs. 74/6. It appears that short interest is being covered up and there was scarcity of offerings.

All reports about syndicate are found without foundation but as pointed out before the penalty for non-delivery is inducing all shorts to cover. The recent covering is weakening the technical situation and we probably any possibility of a marked rise in the price of Silver which steadied at Rs. 134. The market was very steady. Closing quotations: Silver Rs. 133 Forward Rs. 134/4. Gold Ready Rs. 74/8 Forward Rs. 74/8. Sovereigns Rs. 51/4.

COTTON.—The local cotton market remains depressed and even at present low prices which are on the pre-war level, investor is not inclined to support the market. Thus the present depression which is abnormal needs careful attention of all concerned parties. The Government is buying Jirilla at Rs. 410 in Bombay and this class of cotton is available at considerably low price in interior markets. The whole problem needs immediate attention as it is now amply proved that without effective co-operation of the trade it is impossible to attain fair price for raw cotton. The present stock is mostly made up of unwanted short staple and it is necessary that effective steps must be taken to stop the grow of unwanted cotton and with a view to encourage growers to secure reasonable price for long staple cotton upward revision of fixed prices is essential. In the next few weeks the new crop will be planted and then it will be too late to have desired effect of any important change in the general policy. The local market opened today at Rs. 428 for July delivery and declined to Rs. 426/4 under tired liquidation and moderate selling. There was steady liquidation on the unwilling market and July declined to Rs. 424. The market closed at 6 p.m. as under:—

The Half-Column "By Dim"

There is no truth in the rumour that in celebration of the appointment of Sir Ardser Daulal to the Viceroy's Executive Council, a Union Jack was seen fluttering over Bombay House yesterday. Said, the Chairman of Tatas according to a report emanating from UNRELIABLE sources: "If any flag flies over this building, it will be the flag of India's freedom."

According to another UNRELIABLE source, Lord Wavell has wired Mr. J. R. D. Tata as follows: "In view of acute shortage of directors in your establishment, am willing to release Ambedkar or recall Noon with view lending their services to Tatas." J. R. D. wired back as follows: "The shareholders wouldn't stand 'the crash'."

Brief Life Sketch of Sir A. R. Daulal: "Born 1884. Educated at Elphinstone College, St. John's (Cambridge) and Tatas. Recreations: Pipes and H. P. Mdy."

Interviewed by another UNRELIABLE correspondent of the "Half-Column" a spokesman of the Parsi Panchayat is alleged to have said: "Even the King is pleased to approve of our Sir Ardser's appointment."

Lord Wavell, according to the same source, has nominated August 1st as a day of National Thanksgiving to Tatas. The service will only be relayed by All-India Radio.

U-BOAT STOPS PORTUGUESE REFUGEE SHIP
Passengers Spend Nine Hours In Life Boats Before Permitted To Re-embark On Vessel

PHILADELPHIA, May 31.
A German submarine stopped the Portuguese liner "Serpa Pinto" carrying refugees when she was in mid-ocean on May 26, it is announced here today.

Two American citizens were taken prisoners by the U-boat. According to Naval Officials here the Germans threatened to torpedo the ship.

The submarine crew removed all the 385 passengers and members of the crew from the vessel but later permitted them to re-board. Only after the refugees Europeans bound for Canada, had spent nine hours in lifeboats were they permitted to re-embark.

Three persons, including a 16-month old baby lost their lives during the transfer between the liner and the lifeboats.

An official announcement says the ship was stopped by gun-fire at midnight.

"Serpa Pinto" is well-known as a refugee ship. A vessel of 8,267 tons, she has been crossing the Atlantic since early in the war. In 1941 the British ordered her into Bermuda and instituted a three-day search for German nationals.

LIBERTY SHIP GROUNDING
SAN FRANCISCO:
A Liberty Ship with 1,000 passengers on board grounded early today on Farallon Islands, according to a Navy Department 'communique' issued here.

Hundreds of people jumped into the water in life-jackets. Others scrambled onto rafts. They are being rescued by destroyers. No reports have yet been received of any casualties. Two hundred persons who have been rescued have been landed here.

It is understood that everyone aboard is a member of the American Navy. Fog and rain are believed to have been responsible for the grounding.

STOMACH ACID? Feeling rotten? Take 2 Rennies Pain's forgotten

YOU may be working at your job, or walking down the street, or visiting the cinema—you may be anywhere when indigestion strikes you.

Do you have to endure it? NO! Wherever you are, you can kill any attack of acid indigestion in two minutes—if you carry Rennies—and Rennies are separately wrapped, like sweets, so that you can carry them loose in your pocket or bag.

Armed in this way, when indigestion attacks, you can counter-attack at once! No water needed. No spoon. No delay. Just suck a couple of Rennies, one after the other. Rennies neutralize the excess stomach acid that's causing the trouble. Then the pain stops. It's like a miracle. No wonder doctors recommend Rennies!

Get a packet of Rennies to-day from your chemist, stores, or bazaar, and carry a few with you wherever you go.
